Contents

Preface	vii
List of Abbreviations	xiii
Chapter 1. Introduction	1
1.1 Background and aims of this book	1
1.2 History and South Asia	4
1.3 Sanskrit literature and the exact sciences	10
Chapter 2. Mathematical Thought in Vedic India	13
2.1 The Vedas and mathematics	13
2.2 The <i>Śulba-sūtras</i>	16
2.3 The Vedas and astronomy	28
2.4 The <i>Jyotiṣa-vedāṅga</i>	35
2.5 Vedic India and ancient Mesopotamia	40
Chapter 3. Mathematical Traces in the Early Classical Period	43
3.1 Numbers and numerals	43
3.2 Astronomy, astrology, and cosmology	48
3.3 Mathematical ideas in other disciplines	53
3.4 Mathematics in Jain and Buddhist texts	57
Chapter 4. The Mathematical Universe	61
4.1 An introduction to geocentric astronomy	61
4.2 Evolution of the <i>siddhānta</i> and astronomical schools	66
4.3 Astronomical calculations in <i>siddhāntas</i>	72
4.4 Other texts for astronomical computation	105
4.5 Geometric models in astronomy	110
4.6 The problem of origins	113
Chapter 5. The Genre of Medieval Mathematics	121
5.1 Chapters on mathematics in <i>siddhāntas</i>	122
5.2 The Bakhshālī Manuscript	157
5.3 The <i>Gaṇita-sāra-saṅgraha</i>	162
Chapter 6. The Development of "Canonical" Mathematics	173
6.1 Mathematicians and society	173

6.2	The “standard” texts of Bhāskara (II)	182
6.3	The works of Nārāyaṇa Paṇḍita	207
6.4	Mathematical writing and thought	210
Chapter 7. The School of Mādhava in Kerala		217
7.1	Background	217
7.2	Lineage	218
7.3	Infinite series and other mathematics	221
7.4	Astronomy and scientific methodology	248
7.5	Questions of transmission	251
Chapter 8. Exchanges with the Islamic World		255
8.1	Indian mathematics in the West	255
8.2	Mathematical encounters in India	260
8.3	Influence and synthesis	271
Chapter 9. Continuity and Changes in the Modern Period		279
9.1	Individuals, families, and schools	280
9.2	Contacts with Europe	282
9.3	Mathematics and astronomy, 1500–1800	288
9.4	Conclusion	295
Appendix A. Some Basic Features of Sanskrit Language and Literature		299
A.1	Elements of spoken and written Sanskrit	299
A.2	The structure of Sanskrit verse	302
A.3	The documentary sources of texts	304
A.4	Meaning and interpretation: caveat lector!	307
A.5	Glossary of transliterated technical terms	312
Appendix B. Biographical Data on Indian Mathematicians		317
Bibliography		327
Index		353
