The background features a complex, abstract pattern of white geometric shapes (circles, squares, triangles) and thin white lines on a black background. The shapes are scattered and interconnected by lines, creating a network-like or circuit-like appearance. A large white rectangle is centered in the upper half of the image, containing the text 'Princeton Education' and a small orange horizontal line below it.

Princeton
Education

Education

We are pleased to present Princeton's latest education offerings, a list dating back a decade ago to the publication of William G. Bowen and Derek Bok's now-classic work, *The Shape of the River*. The current and evolving list includes books on the economics, history, sociology, and philosophy of college and university education as well as new books on scholarly skills. Taken together, these two streams combine to advance the goal of addressing the major issues defining higher education in the 21st century.

HIGHER EXPECTATIONS

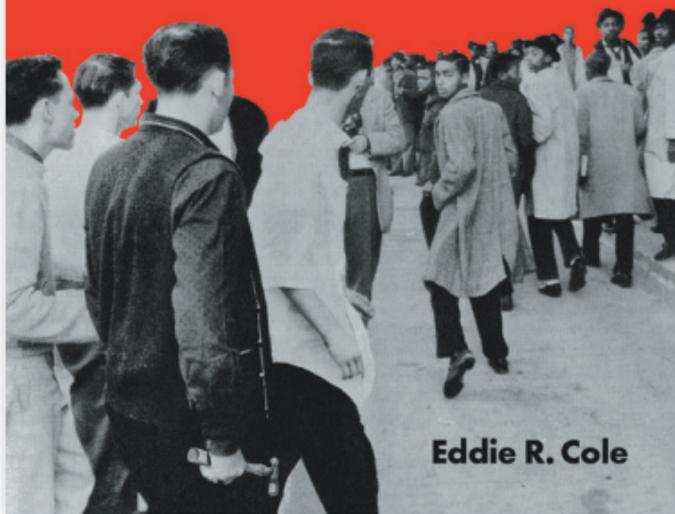

CAN COLLEGES TEACH
STUDENTS WHAT THEY
NEED TO KNOW IN
THE 21ST CENTURY?

DEREK BOK

How our colleges and universities can
respond to the changing hopes and
needs of society

THE CAMPUS COLOR LINE

College
Presidents
and
the
Struggle
for
Black
Freedom
